Overview

This bill appropriates funds from the general fund in fiscal year 2019 for activities related to the Minnesota Licensing and Registration System (MNLARS), Driver and Vehicle Services (DVS) customer service in the Department of Public Safety, and reimbursement aid to deputy registrars. Each of the appropriations are onetime and effective the day after enactment.

The appropriations are:

- \$6.768 million for ongoing MNLARS motor vehicle software work (including contracting and equipment costs);
- \$5.5 million for phase 2 activities involving the driver's license system;
- \$3.472 million for DVS staffing; and
- \$10 million for reimbursement aid to deputy registrars.

The bill also requires progress reports to the MNLARS Steering Committee (which was established in 2018 as part of MNLARS supplemental funding legislation).
